Indiana's preliminary unemployment rate is 5.0% for August compared to National rate of 6.0%

Joseph E. Kernan, Governor Alan D. Degner, Commissioner

Dept. of Workforce Development Indiana Government Center South 10 North Senate Avenue Indianapolis, IN 46204-2277 Phone: 317/232-7670 FAX: 317/233-4793 TDD: 317/232-7560

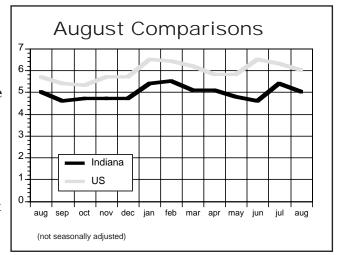

http://www.workforce.IN.gov An Equal Opportunity Employer

Indiana's non-seasonally adjusted unemployment rate for August is 5.0 percent, one percentage point below the national rate of 6.0 percent, Alan D. Degner, Commissioner for

the Indiana Department of Workforce Development, announced today. The number of Hoosiers employed during August 2003 was 3,083,000.

Indiana's August unemployment rate was lower than Illinois, 6.7 percent; Michigan, 6.9 percent; Ohio, 5.4 percent; and Kentucky at 5.2 percent.

"Growth in the service, construction and manufacturing sectors during August contributed to the drop in Indiana's unemployment rate," commented Degner.

The monthly survey of 7,500 Hoosier employers reports payroll employment at 2,852,100 a decrease of 28,900 from one year ago and 30,800 more than last month. Payroll employment is an estimate of non-agricultural jobs in Indiana businesses. It differs from labor force employment which is used in the calculation of the unemployment rate by not including the self-employed and agricultural workers. In addition, payroll employment includes all those who work in Indiana, while the unemployment rate is calculated by those who live in Indiana.

Manufacturing employment totals 580,000 in August, a decrease of 14,400 from last year. Motor vehicle manufacturing accounts for 13,800 jobs, 1,300 more than one year ago. Manufacturing of motor vehicle parts totals 79,400. Machinery manufacturing in August accounts for 43,900 Hoosier jobs, 100 less than July.

Construction employment totals 148,400 an increase of 1,800 from last month. Of that, heavy construction reports 18,900 jobs, an increase of 100 from last month.

Service producing employment totals 2,116,300 in August, 13,900 less than last year. Transportation and public utilities total 117,900, 500 less than July.

Retail trade totals 337,800, 1,600 less than a year ago. Of that, general merchandise stores report employment of 74,400, or 500 more than last year.

Indiana's estimated labor force (the number of people 16 years of age and older who are able and available for work) totals 3,244,100 in August 2003. An estimated 3,083,100 Hoosiers are employed and 161,100 are unemployed.

Indiana's labor force for August 2002 totaled 3,199,700. Hoosiers employed one

Industry Payroll Employment

Selected Categories	August 2003	Change from July 2003	Change from Aug 2002
Goods Producing	735,800	+13,100	-15,000
•Construction	148,400	+1,800	-800
•Manufacturing	580,000	+11,200	-14,400
Service Producing	2,116,300	+17,700	-13,900
•Retail Trade	337,800	-100	-1,600

year ago is estimated at 3,043,600 and August 2002 unemployed in Indiana totaled 156,100. Indiana's estimated unemployment rate one year ago was 4.9 percent, compared with the national unemployment rate of 5.7 percent in August 2002.*

*Due to an expansion in the Current Population Survey (CPS), mandated by Congress, estimates for June 2001 (revised) and later at both the state and substate levels may not be fully comparable with those of earlier periods. In analyzing data, be aware that over-the-year comparisons, may differ slightly from comparisons that would have been made using data without the sample expansion. More detailed information can be found at http://stats.bls.gov/launews1.htm.
